**SUBMISSION OF 2027/28FY PUBLIC SECTOR INVESTMENT PROGRAMME
(PSIP) PROJECTS**

Reference is made to the Public Sector Investment Programme (PSIP) Orientation workshop conducted on 1st June, 2026, during which Ministries, Departments and Agencies (MDAs) were guided on the preparation and submission of project proposals for consideration under the PSIP.

During the orientation workshop, it was noted that MDAs experienced challenges accessing the PSIP project proposal templates through the PSIP database, as the system was still under development. I am therefore pleased to inform you that these technical challenges have since been resolved and the Database is now fully operational. MDAs can now access the system, download the required templates, and proceed with the submission of their project proposals.

In view of the technical challenges experienced and to provide all MDAs with adequate time to prepare and submit quality project proposals, the deadline for the submission of PSIP project proposals has been extended to **4th September, 2026**. All MDAs are therefore requested to ensure that their project proposals are submitted through the official PSIP submission email, psipsubmissions@gmail.com, on or before the revised deadline.

Should you require any technical assistance regarding access to the PSIP Database or the submission process, please contact your respective PSIP desk officers for support.

Looking forward to your usual cooperation.

Patrick Kabambe
